

## CONVERSION TIMELINE

- |                            |  |
|----------------------------|--|
| <b>November 30, 2022</b>   | <b>View Only Mode. A chance to look around. Listings, input and edits, will still be done in Navica.</b> |
| <b>December 9, 2022</b>    | <b>At 8am EST Navica will be set to read only.</b>   |
| <b>December 9-11, 2022</b> | <b>Transfer of listing data. Listings, input and edits, will not be available.</b>                       |
| <b>December 12, 2022</b>   | <b>Live in Flexmls. Listings, input and edits, will be active.</b>                                       |

Training Requirement Set by MLS Committee:

Subscribers must take the "Getting Started with Flexmls" training to be active on December 12, 2022. There is 1 webinar on December 1st and 6 in-person sessions to choose from between December 6-7.

Flexmls will send WCAR a recording of the webinar within 72 hours and a report of everyone that completed the webinar. Subscribers that did not complete the webinar or an in-person class will get a link to the recorded webinar and an online quiz. December 12, 2022, those that did not complete the training will be inactivated. The quiz must be completed for staff to reactivate.

WCAR subscribers that use the Flexmls platform in another MLS (WRIST, Columbus) must take our training due to possible differences in association settings. They will still be using and paying for two different MLS systems.

Admins must be in the association directory to register.
